The Protective Way

Delivering what's promised. 100 years and counting.

Other companies talk about values. But with us it's more than a slogan. In fact, our core principles — value, integrity, strength and stability — inform everything we do, from our business model to the design of our products.

Simply put, we believe in doing the right thing in every action and decision, large and small. We're careful about the promises we make — and make sure we deliver on them. It's how we continue to build trust and relationships that last.

¹ Lapse protection guarantees the policy death benefit for the duration of the guarantee and does not cover cash or surrender value. Loans, withdrawals, and other policy and premium changes will affect the cost and length of protection. Failure to make premium payment as planned may cause the policy to lose lapse protection and premiums required to restore it could be significantly higher. Refer to the policy and endorsements for complete terms, conditions, and limitations.

This is only a summary of product features. Consult specific product policies and endorsements/riders for benefits, limitations, and exclusions.

Some optional endorsements and riders available at additional cost. Actual terms and conditions contained in each endorsement and rider govern all benefits provided; assumes medical and financial underwriting qualifications at time of initial application. Policy form numbers, product features and availability may vary by state.
