Term insurance is one of the simplest life insurance products available. It allows you to purchase larger amounts of coverage in a cost-effective way. Simply put, it's pure coverage – you pay a premium; your beneficiary receives the benefit.

At United Home Life/United Farm Family Life, we've made it simple to purchase affordable term life insurance coverage without undergoing medical exams or providing bodily fluids for lab tests, even if you've been turned down before. Just complete a short application with yes/no health questions to help us determine eligibility. We know simplified issue life insurance – it's *all* we do.
